The Honorable Joel T. Broyhill
House of Representatives
Washington 25, D. C.

Dear Mr. Broyhill:

I have your letter of August 28, 1959, requesting information as to whether our plans include a postal financial sub-station in our new headquarters building.

Our plans do not provide space for the operation of any type of post office sub-station in the building. Several months ago we conferred with officials of the Post Office Department and advised them that we expected to move our offices to Langley sometime during 1961. Our purpose in doing this was to give them ample time to plan for our service and to eliminate, or at least minimize, delay or confusion in the handling of our mail at the time of the move. The Post Office Department made no request for space for any type of station.

We will, of course, advise you if there are any further developments in connection with this matter.

Sincerely,

(signed) H. Gates Lloyd
